Thanks Valois: Darcy just learned that she will have to travel to WY with Doug on Monday, so please see if you can reschedule our meeting with Darcy on Tuesday. Darcy is willing to move her other commitments around that day so we can stay on track for briefing Doug on 11/30. Sarah will be home on leave Tuesday but can call in Tuesday morning. Otherwise, Sarah is fine with us having the meeting without her.

Subject: Powertech's Class III comments - new proposed AE boundary

Hi Lucita & Douglas,

The Cadmus categorized comments did not include the more detailed comments from Powertech. (I gave Lucita a heads-up about this last week).

The attached document includes these more detailed comments and the Attachments which include discussions on alternative approaches to the permit requirements for a number of items. Each Attachment has its own worksheet with the title at the top line of the worksheet. (Lucita, this document differs from the one I sent you last week because it now includes these Attachments.)
